- V. **UNFINISHED BUSINESS**-None
- VI. **NEW BUSINESS**-Mayor advised county plans to change address of 422 Conner Ln to Cammie Way due to having been incorrectly assigned from the start. Noted it is numbered wrong, but there is no negative impact. Explained E911 numbering protocol. Reported the change would create major inconvenience to property owner in relation to updating driver's license, legal and other pertinent documentation. City to appeal change and request it stay the same until such a time ownership may change. Mayor reported Williamson Methodist Church has requested to relocate their sign for better visibility, but noted new location would be in GDOT's right of way. Advised the sign existed before city's adoption of its overlay district, which prohibits internally lit signs. A sign permit will be submitted and the council can opt to waive the fee. Mayor discussed meeting with GDOT about proposed roundabout and reported he requested the location be moved westward by 50-100 feet from originally planned location to lessen impact on 2nd Dist., School Rd., and historic buildings on Pine St. Also requested lowering hump at Old Fayetteville by three feet, which GDOT said is outside current scope and would need to be a separate project. Plan to address hump when city paves Old Fayetteville Rd. Discussed water runoff issues on Williamson-Zebulon near Black Smoke Coffee and The Well House.
